Subject: Conversation with Charles Bert

Skadowski, Suzanne 10:06 AM:

just sent you the press release

Charles Bert 10:08 AM:

Got it. No way I can get all that on the homepage though, and still keep everything else. I'll mock up one option and you can see what you think.

Skadowski, Suzanne 10:09 AM:

ok, just do your best please <3

Charles Bert 11:12 AM:

Ok, see what you think of this approach: <https://wcms.epa.gov/node/1393/revisions/532247/view>

Charles Bert 11:13 AM:

crap, hold on, I screwed something up

Skadowski, Suzanne 11:13 AM:

looks good, but I think we need pruit's quote in there too. you can skip the "background" sentences.

Skadowski, Suzanne 11:14 AM:

and of course the "settlement" page will have the new press release text, not the old draft text from 2016.

Charles Bert 11:15 AM:

yes, that's what I screwed up. I had two pages in the system with the same title! Gotta go delete that old one that we never used.

Skadowski, Suzanne 11:15 AM:

yes, definitely delete the old one, sadly.

Skadowski, Suzanne 11:16 AM:

but I do think that HQ will demand that Pruitt's quote, long though it is, needs to be included on the main landing page in that first section across the page.

Charles Bert 11:18 AM:

really? Ugh... The press release is not enough?

Charles Bert 11:18 AM:

Ok, refresh now. Sorry about that.

Charles Bert 11:18 AM:

I'll go add the darn quote too.

Charles Bert 11:18 AM:

Now you should see the proper settlement agreement page

Skadowski, Suzanne 11:19 AM:

it's not me, it's HQ!

Charles Bert 11:19 AM:

I know...it's sad

Skadowski, Suzanne 11:20 AM:

the settlement page is also missing pruit's quote: "We are committed to due process and the rule of law, and regulations that are 'regular'," said EPA Administrator Scott Pruitt. "We understand how much the community cares about this issue, with passionate advocates on all sides. The agreement will not guarantee or prejudge a particular outcome, but will provide Pebble a fair process for their permit application and help steer EPA away from costly and time-consuming litigation. We are committed to listening to all voices as this process unfolds.

Charles Bert 11:22 AM:

You want it on there too?

Charles Bert 11:22 AM:

craptastic

Skadowski, Suzanne 11:22 AM:

Yes. sorry. Yes.

Charles Bert 11:23 AM:

ok, refresh homepage now and see if that works

Charles Bert 11:24 AM:

I can drop the same pull-quote on the agreement page

Skadowski, Suzanne 11:25 AM:

Does it have to be a pull quote on the homepage? (fine for the settlement page) can it be regular text like the 1st two paragraphs?

Skadowski, Suzanne 11:28 AM:

yes that's better, thank you!

Charles Bert 11:28 AM:

ok. and pull-quote ok on sub-page? I think it makes it more readable. Er...maybe I should not use it then...

Skadowski, Suzanne 11:29 AM:

no, I like how you re-did it on the homepage, keep that. either way on the settlement page is fine with me.

Charles Bert 11:30 AM:

Ok, we can press play as soon as you're ready

Skadowski, Suzanne 11:30 AM:

sending snapshots to HQ now... fingers crossed.

Charles Bert 11:31 AM:

they can access the draft page if you send them the URL. just logs in with LAN ID/pass

Charles Bert 11:31 AM:

or maybe better to just see a picture...

Charles Bert 11:32 AM:

I will need to go take a shower now

Skadowski, Suzanne 11:35 AM:

can you go ahead and make it live now, we can always turn it off later.

Charles Bert 12:00 PM:

sorry, I stepped away. Still want me to go with it now?

Skadowski, Suzanne 12:14 PM:

I'm bugging HQ again now, will let you know.

Skadowski, Suzanne 12:53 PM:

Please go ahead and make the page changes live now (ok per nancy g.), but it's possible they might decide to ask us to make other changes later, even later today, since HQ is/will be "looking" at the page more.

Charles Bert 12:53 PM:

I will be waiting with bated breath

Skadowski, Suzanne 12:57 PM:

Thank you! Seriously. (F)

Skadowski, Suzanne 1:00 PM:

let me know when it's live...then I'll send the BB listserv message... finally.

Charles Bert 1:04 PM:

Off you go: <https://www.epa.gov/bristolbay>

Skadowski, Suzanne 1:08 PM:

Thank you.

Charles Bert 1:10 PM:

namaste

Skadowski, Suzanne 4:27 PM:

(gottarun)(beer) soon

Charles Bert 4:31 PM:

yay! me too
